through My DNVGL. If the ship is preserved according to DNV GL's Lay-up Guideline, a Preservation Declaration will be issued and this will be reflected in a reduced re-commissioning scope for DNV GL classed vessels.

~~Protect Your Assets~~

The type of lay-up, hot, warm or cold will depend on the vessel and the location. However, vessels will come back into service. Technical challenges are likely to be minimal in short-term hot lay-up but increase the longer the ship is out of action. Join Wärtsilä and DNV GL as we look at how to keep machinery and equipment in optimal working order to enable speedy reactivation, and what measures can be taken to tighten operational costs during lay-up.
