Microinteractions is an  
essential guide to

# Bookmark File PDF Microintera

designing in today's world where a typical person touches a hundred different user experiences each day, and only the clearest interactions will turn a new user experience into a cherished product. In this book, Dan Saffer turns the Cognitive Walkthrough on its head and takes it to the next level, creating a new

Dan also provides

# Bookmark File PDF Microintera

several guidelines for designing microinteractions, such as: 1) bring the data forward and 2) don't start from zero. Simple ideas but often overlooked in design, and I appreciate that. The book provides many interesting examples of well-designed microinteractions,

# Bookmark File PDF Microintera

which is what makes the  
book a good read.
