**Spheres of Influence: The Great Powers Partition in Europe ...**

Spheres of influence hadn't gone away; they had been collapsed into one, by the overwhelming fact of U.S. hegemony. Now, however, that hegemony is fading, and Washington has awakened to what it calls "a new era of great-power competition," with China and Russia increasingly using their power to assert interests and values that often conflict with those of the United States.

Yet in reality, a spheres-of-influence world would bring more peril than safety. Russia's and China's spheres of influence would inevitably be domains of coercion and authoritarianism. Both countries are run by illiberal, autocratic regimes; their leaders see democratic values as profoundly threatening to their political survival. If Moscow and Beijing dominated their respective neighborhoods, they would naturally seek to undermine democratic governments that resist their control—as ...

Officials in the Clinton, George W. Bush and Obama administrations often denounced "spheres of influence" as an outdated notion and—more importantly—opposed Russia (first) and China (later) when each nation sought to expand its regional sway, though these policies were decidedly mixed in their results. In 2008, Secretary of State Condoleezza Rice avowed that "we will resist any Russian attempt to consign sovereign nations and free peoples to some archaic 'sphere of influence.'".

The most successful and peaceful transition between great power-dominated economic zones occurred in Latin America in the late 19th and early 20th centuries between Great Britain and the United States. 64 This peaceful transition was made possible by the economic openness of both the fading British and the rising American spheres of influence. Britain ceded responsibility for maintaining ...
